Sub. : Regarding providing power supply under Make-in-India programme for Single Window Clearance System

Ref.: (1) Letter No.-5693 dated-29-06-2015 of Principal Secretary to Govt., GOO., Dept. of Energy
(2) Letter No.-54 dated-02-01-2016 of Principal Secretary to Govt., GOO., Dept. of Energy

Sir,

Please find enclosed attached herewith Notification dated-29-06-2015 & dated-02-01-2016 of the Principal Secretary to Government, Government of Odisha, Dept. of Energy for making system to provide electric connection more consumer friendly & accessible for household & industries. Beside they have also framed certain guidelines in order to simplify the process of electric connection for smooth industrialization under make-in-India programme and for single window system. As per notification, the following needs to be taken care of before providing electric connection,

- (1) The pollution certificate is not a pre-requisite for electrical connection
- (2) The applicant for electric connection has to submit Application in Form-II prescribed by OERC (the Form-II is attached herewith for your reference)
- (3) The applicant has to submit Proof of ownership of the premises or authorization by the owner of the premises, where the Industry is being installed or to be located.

Encl:- As above

Yours faithfully,

11/1/16
Chief Operating Officer

APPLICATION FOR SUPPLY OF ELECTRICAL ENERGY

To,
The
WESCO UTILITY, Head Quarter Office
BURLA, SAMBALPUR-768 017
ODISHA

Date- _____

Dear Sir,

I, the undersigned on behalf of _____
request you to please submit an estimate to me for provision of service connections & for supply of electrical power as per details give below. The rate at which electrical energy is proposed to be supplied & other conditions of supply may please be forwarded with your estimate.

I / We _____ am/are owners / tenants of the said premises.

1. Postal Address of the applicant / *Mob: 980* -

2. Premises at which power is required :-

3. Purpose for which power proposed to be used :-

4. Whether the premises is provided with electrical power,
if so, its nature & why this additional power is required :-

5. (a) If a factory, nature of manufacturing process and whether it is manufacturing new or proposed to do so -

(b) Working hour / days of the factory (in Hour) -

(c) Demand during the hours factory will be idle (K.W) -

6. (a) Load factor (%) _____ per cent

(b) Maximum demand _____ KVA

(c) M.D. expected during 5 p.m to 10 p.m. _____ KVA

(d) Voltage of supply required _____ at phases 50 cycles A.C.

7. (a) Guaranteed monthly minimum consumption if any per K.W.
or per 100 K.W. or maximum demand / connected load .

(b) Whether consumer accepts to pay for the minimum guaranteed consumption, if the consumption fall short of the guaranteed.

8. Whether energy required on a temporary or permanent basis

9. Whether applicant accepts to execute an agreement as per rules in force of the department.

10. DETAILS OF LOAD REQUIRED

(A) GENERAL

Item no	Nature of demand light, fan, motor etc	Number	Connected load of each point	Total connected load	Remarks
1.	Light				
2.	Fans				
3.	Plug points				
4.	Plug points of Appliances i.e. Iron, Cooker, Refrigerator				
5.	Consignees				
TOTAL					

(B) MOTORS AND OTHER APPLIANCES

Item no	H.P./KW of each	Voltage	Winding	Control	Use	Remarks
TOTAL HP of all Motors					Total No. of Motors	

STEP UP OR STEP DOWN TRANSFORMERS

Item no	Capacity in KVA	PRIMARY		SECONDARY	
		Voltage	Winding Protector	Voltage	Winding Protector
TOTAL					

- Encl:-**(1) Processing Fees
 (2) Land Document
 (3) Load Details
 (4) Photo & ID Proof
 (5) Electrical Site Layout Plan of consumer premises (New Supply)
 (6) Last Electricity Bill Copy (Existing Consumer)
